SAFETY DATA SHEET

ISSUE DATE: 26/09/2005    ISSUE NUMBER: 5

MSDS Code: SAP Code: 56005337, 40017724, 40024263

1. IDENTIFICATION OF THE SUBSTANCE / PREPARATION

Commercial Name: Happy Shopper Wax Polish
Product Type: Wax Polish.
Other Means of Identification: 56005337, 40017724, 40024263
Intended / Recommended Use: For polishing hard surfaces in the home.

Name and Address of Supplier:
Aerosols & Aircare
West Carr Lane
Sutton Fields Industrial Estate
Hull
HU7 0BU
Manchester

Telephone: 01482 836222
Fax: 01482 839856

Website: www.detergentinfo.com

2. HAZARDS IDENTIFICATION

Prolonged or repeated exposure to the skin may cause irritation.

If product comes into contact with eyes may cause slight to moderate irritation.

Inhalation may cause irritation of nasal mucosa.

Over - exposure due to deliberate or accidental inhalation of the concentrated aerosol - derived gases or vapours could lead to drowsiness, headache, narcosis. On rare occasions excessive inhalation may lead to coma or death in susceptible individuals.

4. FIRST AID MEASURES

EYE: Immediately wash the eye with plenty of water for at least 10 minutes holding the eye open. Seek medical advice if irritation persists.

SKIN: Wash skin thoroughly with soap and water.

INGESTION: Wash out mouth with water. Do not induce vomiting. Obtain medical advice.

INHALATION: Remove from site of exposure into fresh air. Keep warm and at rest. Seek medical attention immediately if breathing shows signs of failure or deliberate abuse is suspected.
5. FIRE FIGHTING MEASURES

SUITABLE EXTINGUISHERS: Carbon dioxide, foam, dry powder & water mist.

EXTINGUISHERS NOT TO BE USED: DO NOT USE DIRECT WATER JET.

SPECIAL EQUIPMENT: In case of fire, self contained breathing apparatus should be worn.

HAZARDOUS COMBUSTION PRODUCT: Not applicable.

EXPOSURE HAZARDS: Not applicable.

6. ACCIDENTAL RELEASE MEASURES

SAFETY PRECAUTIONS: In the event of leaking containers, remove to a well ventilated secure area until all leakage has ceased. If the aerosol still contains product after leakage has ceased it should be disposed of through a licensed waste management company.

PERSONAL PRECAUTIONS: Avoid contact with eyes. Avoid repeated or prolonged contact with skin. Keep out of the reach of children.

ENVIRONMENTAL PRECAUTIONS: Avoid discharge of large volumes into water courses.

METHODS FOR CLEANING UP: Contain the spilled liquid with sand or an inert absorbent material. Transfer used material to a suitable waste container and dispose of in accordance with local regulations.

7. HANDLING AND STORAGE

HANDLING: Maintain good personal and occupational hygiene. Do not discharge the product whilst smoking or close to a naked flame, incandescent heat source or electrical equipment in use.

STORAGE: Store preferably at ambient temperatures with good ventilation. Protect from sunlight, open flames and sources of ignition. Keep out of the reach of children. Do not expose to temperatures exceeding 50 Deg C. Use only as directed.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION:

Respiratory Protection: None required in normal use.

Hand Protection: None required during normal use. Avoid prolonged or repeated contact.

Eye Protection: None required in normal use.

Skin Protection: None required during normal use. Avoid prolonged or repeated contact.

OCCUPATIONAL EXPOSURE LIMITS: Not assigned for this product.

ENVIRONMENTAL EXPOSURE CONTROLS: Not required in normal use.

10. STABILITY AND REACTIVITY

Conditions to avoid: Extreme temperatures and sunlight.

Materials to avoid: Naked flames and sources of ignition.

11. TOXICOLOGICAL INFORMATION

EYE: May cause irritation if product comes into contact with eye. If aerosol is discharged directly into the eye, then physical damage, which may include superficial freeze burns, may occur.

SKIN: Frequent or prolonged contact may lead to irritation. If sprayed directly onto the skin, freeze burns may result due to the rapid expansion of the gas as it leaves the can.

INGESTION: Low toxicity. May cause local irritation of the mouth and upper digestive tract.

INHALATION: Some local irritation of the nasal mucosa is possible, but during normal use this will be transient. Over-exposure due to deliberate or accidental inhalation of the aerosol-derived gases and vapours could lead to drowsiness, headaches, and narcosis. Rarely, excessive inhalation may lead to a coma and death in susceptible individuals.

12. ECOLOGICAL INFORMATION

The surfactants contained in this product comply with the biodegradability criteria as laid down in regulation (EC) No 648/2004 on detergents. Data to support this assertion are held at the disposal of the competent authorities of the member state.

During use the product will evaporate into the atmosphere. The evaporated product will be diluted greatly in the atmosphere and therefore be of very low environmental impact when used as directed. The product is not expected to cause a hazard in the aquatic environment.

Product packaging may be recycled where facilities are available.

13. DISPOSAL CONSIDERATIONS

Contents: Empty Containers:

Under conditions of expected use the product will be disposed of at the end of its life into the normal domestic refuse system. No adverse effects are expected. Large quantities should be disposed of in accordance with local regulations. Do not pierce or burn the container even after use.

Dispose of in accordance with local regulations. Product packaging may be recycled where facilities are available.

14. TRANSPORT INFORMATION

EXTREMELY FLAMMABLE
AEROSOLS UN 1950
ADR/RID CLASS 2
IMDG CLASS 2.1
15. REGULATORY INFORMATION

Under the Chemical Hazard, Information and Packaging Regulations (CHIP3) 2002 this product is not classified as dangerous. This product is also covered by the EC Directive on Aerosols (75/324/EC) and subsequent amendments (94/1/EC) and as such is classified: 

EXTERMELY FLAMMABLE

Flammable symbol followed by the words Extremely Flammable.

S2 Keep out of the reach of children.
S16 Keep away from sources of ignition – No Smoking

Pressurised container: Protect from sunlight and do not expose to temperatures exceeding 50 degrees Centigrade. Do not pierce or burn even after use. Do not spray on naked flame or any incandescent material.

This product does not require any additional ingredient declaration under Regulation EC 648/2004 on detergents.

16. OTHER INFORMATION

R10 Flammable
R12 Extremely Flammable
R52 Harmful to aquatic organisms
R53 May cause long term adverse effects in the aquatic environment.
R65 Harmful: may cause lung damage if swallowed.
R66 Repeated exposure may cause skin dryness or cracking.

Avoid contact with the eyes.
Use only as directed.
Solvent abuse can kill instantly.
Do not place can on painted or polished surfaces.

For further ingredient information, please access the following website www.detergentinfo.com. Medical personnel may request a medical datasheet under Regulation 648/2004/EC from the manufacturer as detailed in section 1.

Disclaimer:

The information contained in this data sheet is to the best of our knowledge and belief accurate and is based upon our technical knowledge of the product at the date of issue. No warranty or representation, express or implied, is made as to its accuracy, reliability or completeness. Robert McBride Limited will not be responsible for any damage or injury resulting from any inherent hazard of the material, the abnormal use of the material or from failure to adhere to recommendation.

Revision Date: 22/04/2008  Previous Revision Date(s): 04/01/2008
Reason for and Description of Changes: Changes for REACh 08 implementation, sections 2 & 3 and section 16 extra information.
