3 important things to remember:

HAND WASHING	CLEAN & DISINFECT SURFACES	TOUCH POINTS
One of the most important ways to prevent germs spreading is hand washing	Surfaces should be cleaned before they are disinfected	These areas need repeat cleaning – handles, switches, tills, counters, mobile phones, baskets
 can help you achieve your cleaning goals		

KEY AREAS to remember when cleaning:

Windows/Doors/Handles/Switches

Shelving/Walls/Side Panels/Floors

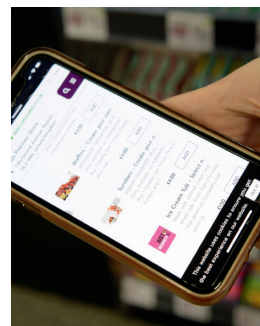

Self Serve Drinks Machines

Fridge Doors/Handles/Shelves

Food to Go/ Kitchen Areas

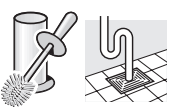

Screens/Phones/Keyboards/ATM's/Till Points
