The following PPE is recommended to be worn during cleaning.

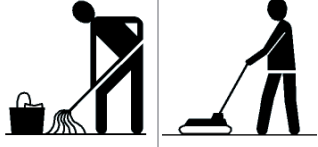

Apron

Gloves

Important

Use appropriate ventilation and warning signs.

Clean Pro+ Product	Dosing	Application
<p>Floor Cleaner For Scrubber Dryers</p> 	<p>100 ml per 10 litres of water</p>	
<p>Floor Gel Lemon</p> 	<p>90 ml per 5 litres of water</p>	

Cleaning Method

- 1 Sweep the floor to ensure it is clean and dust free.
- 2 If using a floor scrubber-dryer then fill machine as appropriate with Floor Cleaner *For Scrubber Dryers* solution. Then follow the scrubber-dryer manufacturers safe usage instructions.
- 3 If using a mop and bucket then fill bucket as appropriate with Floor Gel Lemon solution.
- 4 Apply to hard floor surfaces using clean mop and allow to air dry. Once dry the floor can be burnished to a shine if required.
