RECENT CUSTOMER FEEDBACK ★★★★★

“Applying for finance couldn’t have been made any easier with Michelle. She made the process simple and straightforward for us during what can be a stressful time. Her communication was great, with emails always followed up by a telephone call to ensure we knew what was expected. I couldn’t thank her enough, she is very knowledgeable, efficient and made the process seamless.”

Jyoti, Londis.

“I was happy to work with Michelle at Satellite Finance. The finance process for my shop refit was very smooth, and my sales have now gone up. I have used other brokers in the past and service and rates not as good. I am planning to work with her again soon for my next shop refit. I will definitely recommend to friends.”
